

Dear CES Community,

I am excited to announce that after consideration of many applications for Head of School at Christ Episcopal School starting the 2023-2024 school year, the Search Committee has chosen three candidates to visit us over the next two weeks to meet students, parents, faculty, and staff, and tour our beautiful campuses.

Out of respect for each candidate's privacy, the identity of each candidate, along with a brief biography, will be released to parents, faculty, and staff in the days before each visit.

It is an exciting time in the history of CES. We look forward to seeing you at parent or faculty/staff forums with the candidates in the coming days, and we appreciate your involvement in determining the future of Christ Episcopal School and our students' education.

Colin McComiskey
Head of School Search Chair
