Is there a priority selection process for admission?

Christ Episcopal School is committed to enrolling a diverse and balanced student body. Once grade-level space availability is confirmed, our first consideration is to ensure that a student’s assessment results align with our academic curriculum. Acceptance decisions are then further based on interviews, records, and observation. If all factors are equal, we do give consideration to families with current or previous ties to Christ Episcopal School or Christ Episcopal Church, Covington.

What if a student qualifies for admission but space is not available?

Students in this situation will be placed on the wait list. If and when openings develop, wait list candidates are contacted to determine continued interest.

Christ Episcopal School admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin or disability in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.
