

Position Type: Part-time, 10-month position beginning August 2024

Education Level: Bachelor's degree required, Master's degree preferred

Job Description and Qualifications

The upper school Physical Science Teacher and Robotics Club Moderator will teach two sections of upper school physical science (one on-level section and one honors section) and will oversee our Robotics Club. Candidates for this position should have a passion for their content area and have a desire to grow as instructors and mentors of students.

Responsibilities:

- Uphold professional obligations both in and out of the classroom, including but not limited to assigned duties, meetings, parent conferences, in-service training, and school events
- Contribute to a positive faculty culture by building collaborative, collegial, and respectful relationships with colleagues and overtly supporting fellow teachers and administrators
- Maintain professional standards of appearance, courtesy, responsiveness, discretion, punctuality, and attendance and demonstrate a high standard of personal character and conduct at all times
- Consistently demonstrate appropriate planning and preparation for instruction specifically adapted to the instructional needs of each student and each class
- Maintain academic and behavioral standards and expectations for all students
- Demonstrate through words and deeds a genuine commitment to Christ Episcopal School, its mission, its students, its faculty, and its leadership
- Contribute to a safe, supportive school environment for both students and parents by acting with compassion and integrity in all situations, while at the same time maintaining appropriate professional boundaries
- Model the mission, philosophy and goals of the School to all staff, parents, students, and the community

Qualifications:

- Possess a deep understanding of specified content and expectations
- Ability to engage students in frequent hands-on and laboratory learning experiences
- Knowledge of learning differences and the ability to differentiate instruction in the classroom based on those needs
- Ability to communicate effectively both verbally and in written form
- Analytical approach to curriculum, instructional methods, and students
- Flexibility as it relates to classroom management, pacing of curriculum, and student expectations
- Compassion for students, parents, and colleagues
- Perform other duties as assigned by the Upper School Division Head and the Head of School
