

**Position Type:** Full-time, 10-month position beginning August 2025

**Education Level:** Bachelor's degree required, Master's degree preferred

### **Job Description and Qualifications**

The Outdoor Education/Physical Education teacher will introduce students to the outdoors, allowing students to learn, observe, explore and experience the natural world. This is done through a combination of class instruction and day/overnight field trips. Specific skills taught include canoeing, camping, biking, fishing, and leave no trace. In addition, this person will teach four sections of physical education classes. Candidates for this position should have a passion for their content area and have a desire to grow as instructors and mentors of students.

### **Responsibilities**

- Uphold professional obligations both in and out of the classroom, including but not limited to assigned duties, meetings, parent conferences, in-service training, and school events
  - Contribute to a positive faculty culture by building collaborative, collegial, and respectful relationships with colleagues and overtly supporting fellow teachers and administrators
  - Maintain professional standards of appearance, courtesy, responsiveness, discretion, punctuality, and attendance and demonstrate a high standard of personal character and conduct at all times
  - Consistently demonstrate appropriate planning and preparation for instruction specifically adapted to the instructional needs of each student and each class
  - Maintain academic and behavioral standards and expectations for all students
  - Demonstrate through words and deeds a genuine commitment to Christ Episcopal School, its mission, its students, its faculty, and its leadership
  - Contribute to a safe, supportive school environment for both students and parents by acting with compassion and integrity in all situations while at the same time maintaining appropriate professional boundaries
  - Model the mission, philosophy, and goals of CES to all staff, parents, guardians, students, and the community
- Qualifications:**
- Ability to engage students in outdoor learning experiences
  - Knowledge of learning differences and the ability to differentiate instruction in the classroom based on those needs
  - Ability to communicate effectively both verbally and in written form
  - Analytical approach to curriculum, instructional methods, and students
  - Flexibility as it relates to classroom management, pacing of curriculum, and student expectations
  - Compassion for students, parents, guardians, and colleagues
